\$1,295

This is the charge to each family for our basic services and overhead. It includes the service of our personnel, the arrangement conference, a proportionate share of our overhead, clerical and administrative services, obtaining necessary authorizations and permits, consultation with the clergy, cemetery, crematory or other third parties, assistance with insurance, planning the funeral or memorial service, and placement of obituary notices. In addition, this fee includes a proportionate share of our basic overhead costs. Embalming

\$750

Embalming is a chemical process which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by this state must complete this procedure. Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with a viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation
