# Christopher Blaine Cox

AUG 26, 1989 - MAR 17, 2021

**C**hris was a loving son, brother and friend; he left us way too early on Sunday, March 14, 2021. Chris was 31 years old, was currently working as an oyster farmer, and loving every minute of it.

Chris was a dreamer and was passionate about many things, including art, music, reading, writing, and especially spending time with his constant companion, a 15-year-old mastiff mix named Hercules. Chris' infectious smile and generous heart will be dearly missed by many.

Chris is survived by his father Terry Cox, his mother and step-father Cindy and Mark Rodrigue, his brother Chase, his sister and brother-in-law, Caroline and Kyle Williams, and Hercules.

Chris always lent a helping hand to the homeless, and he loved animals, so in lieu of flowers feel free to donate to the Kearney Center and the Tallahassee Humane Society.

Chris, as one of your friends posted, you may not have had your wings on earth, but you do now. Love always!

Death is unfathomable, especially when it strikes someone with an unfinished life. Unexpected grief is horrid and immeasurable. Experiencing it makes you feel like you did as a child first standing in front of the ocean. You can't possibly comprehend the magnitude of its size or depth. You just stand there wondering if it ever really ended, and knowing it would always have the power to consume you. I'm here for you when you need me. Hugs to you and your family.
