Tony was my best friend while we were stationed in Germany together. We traveled everywhere together, and I miss those times every day. He was such an honest person that people just gravitated toward him. Although we fell out of contact a few years ago after he moved to Buffalo, I randomly thought about him today on the way to work. It broke my heart to find out about his passing, and my thoughts and prayers go out to his mom and his dad. Tony will be missed but remembered by the ones that loved him daily. Gone but never forgotten. RIP brother.

Very sad to hear about your families loss. I work with Tony and he was a great co worker, and an amazing human being. We would chat all the time. I remember one time he got tickets to a Carrie Underwood concert and did not want to go alone, so he took my family with him. Such a nice person and a good heart in him.

Hi, I just have knowledge of this sad news. I trained with Tony at the Buffalo VA. He was always smiling and so pleasant. So sorry about the news, please accept my late condolences. And to the mother, what a great son you have, a gentleman with a beautiful smile. He was always happy and love to talk about life and music. God bless him and his family.

Lil Tones, as we said our final good bye today from this earthly space to you, we are deeply saddened, but our Faith in Christ is what proves to us that we will be together again in Heaven one day. You were a blessing to all you encountered and we know you are in full praise with our heavenly Lord. We love and miss you! Uncle Randy and Ann

So very thankful you had Christ. I know the battles you fought daily. I would have gone through them for you if I could. I shed tears on many days because I know how hard the fight is and I held out hope until the end for you. Bless you my nephew, I love you.

Tony, my brother. This is all so crazy, but I want you to know I will never forget the all the times we shared growing up together. You were my "bubby" my superhero brother in my eyes. Not one time where you would show up, and my eyes wouldn't immediately lighten up, I would always have the biggest grin on my face. You just had that effect on everyone. I will hold cloe to my heart the day you picked me up to see the new Simpson's movie. We blared the new killers album on the way home and we had then windows down, hands waving in the wind, smiling, both singing along. You we're such a sweet soul to the core. You were takin from us too early and I will always miss the future times of us. But for now I'm okay knowing you're in a better place. You're not suffering anymore. Just know I want you to enjoy heaven, but also keep up with me and our family for lost time. I love you so much. ☐

Tony Lee, you had a smile that would light up the room, a laugh that was so infectious and a heart of gold! I am heartbroken to know you are gone :(You were one of my bestest friends in the world and I am going to miss you dearly. It is hard to choose what memory of you I want to share because every time we were together was an adventure lol. But if I had to pick just one it would be the memory I have of you showing up to my house one day so excited to show me your new bike (Harley Davidson) and me sitting on it the wrong way (with shorts on) and automatically burning my right leg on your exhaust pipe. As you know, I still have that scar on my leg and it will forever remind of you! I literally have a piece of you burned into my skin lol! I love you Tony Lee Schamberger! You will forever be in my heart (and leg). Love, Kristen (Kris) Bender

Tony, I'll always remember the fun times we had. I'm so heartbroken that you are gone but I know we will see you again. Your laugh was infectious and always made me smile. I'll never forget when we went to Kings Island and I got you on your very first "grown up" roller coaster- The Racer!! You were scared, excited, and laughing all at the same time. We went down the first big hill laughing so hard that tears were squirting out the sides of your eyes. 🤪 By nightfall you had gotten braver and graduated to the best roller coaster in the park -THE BEAST!! We rode it in the first cart, in the dark and didn't even hang on going down that long drop. I'll always remember you holding your hands up, laughing and looking so free. You are truly free now - fly high with you hands up and know that us unlucky ones still down here will miss you and we love you and will be rejoicing the day we meet again. All my love my son (step) !!! Kim.

Tony I have many memories and special times with you but I love thinking about the rope climb at the renaissance festival so many years ago. You were a determined little guy to make it up and ring the bell. You laughed and played about everything you could that day. You were special on Karin and my life. The 1st nephew will always be loved.

Love the uncle rockfish name he called you. He said at the courthouse in Fort Walton, Dad why is the fish upside down? Cuz he is dead son , then why does he still have his eyes open 😊

Son i will miss you tremendously ☐i was there when you came into this world, and was able to be there as you departed. You looked peaceful, you are with Jesus and one day I will see you again. Till then ask Jesus to send special angels to watch over all relatives so a big celebration can be heard on earth when we all meet again.
