I have a lifetime of memories with my sister way to many to pick just one .She was as much my mother as Mama is she held my hand when I needed it and she swatted my ass when I deserved it . She had the biggest heart of anyone I know . She could send a chill down your spine with a look if you made her mad .and in the next instant she could light a darkened room with her smile and laugh. I miss you big sister I would give my last breath if you were still with us .
