Melanie Ann Tudor, 72, of Tallahassee, passed away unexpectedly on March 3, 2023. She is survived by her husband of 28 years, Mitch Hall.

Melanie was rightfully born a "Bulldog" in Athens, Georgia to which she would later return and graduate from the University of Georgia. She spent her childhood all over the world as her father served as a Command Sgt. Major, in the U.S. Army. She settled in Tallahassee in 1992 and obtained her Masters of Social Work from FSU. She was a member of Holy Comforter Episcopal Church in Tallahassee.

Melanie was best known in the Tallahassee community for selflessly serving as a victim advocate for the Tallahassee Police Department for 23 years. She also served on the Big Bend Victim Assistant Coalition and the Domestic Violence Coordinating Committee. She remained active in advocating for domestic abuse after her retirement.

Other survivors include five children, Amy Hall (Michael) of Tallahassee, Chad Tillman of Carrabelle, Jason Hall of Cape Coral, Steven Hall (Kiera) of St. Petersburg, and Joshua Tudor of Tallahassee; three grandchildren, Emily Yaney (Josh), Hannah Strickland (Raleigh), and Zackery Jordan; three great grandchildren, Audree Yaney, Fisher Yaney and Dawson Strickland; her "adopted" sister, Paula Ramey; and numerous extended family members. She was preceded in death by her parents, Boots & Patty Tudor.

A celebration of life is planned for a later date. Tholley Taylor with Lifesong (lifesongfunerals.com or 850/765-3190) is assisting the family with arrangements.

Mitch, Amy and all other family, I am so sorry to hear of the sudden passing of Mel. I know your hearts are broken and you all are in my prayers for God's comfort. I worked with Mel for many years and then was her supervisor the last few years before I retired. She was a caring, compassionate woman that loved to serve others in their time of crisis. She was always dependable to respond to scenes whenever called upon. I hold fond memories of all the conversations we had together over the years about our families; and of course, football. Mel was a good friend to me and had a servant's heart. Thank You all for sharing her with us at TPD and sacrifices you made around her job. God bless you all.

Mitch and family, I know the loss you feel is deep. A thought to keep, science tells us the body is made predominantly of energy. Science also tells us that energy cannot die, it just changes form. With this thought, know that Melanie will always be with you, just a different form. She will let you know she is around.....a bird, a song, something little only you will know. The same thought in the scriptures of the afterlife. Melanie really helped me through a difficult time and she will be sorely missed. Peace be with you. Cathy Kennedy
