Cousin David got quite a laugh out of me wearing Grandpa Bogeman's wading boots and falling. He also showed me around the funeral home and explained part of the process to me. We didn't see each other often but he will be missed and fondly remembered.

Mr. Pendleton gave himself so selflessly and helped me tremendously as a young adult. He not only helped me shop for a new desperately needed car, he cosigned a loan for me. I had no credit and no family in my life to help me out. He took a BIG chance on me. I didn't let him down and it meant the world to me that an adult would invest in me so greatly. It was the first time I felt trusted and cared for by a parental figure. I am so sorry for your loss and thank you Shelley for being a great HS friend and sharing your dad!! grateful for him and know he will be missed and is loved so big!

So sad to hear this. I loved his sense of humor, he would be quick with the joke or would love to make fun of you, but he always had a big heart and would do anything for you or willing to help. Fortunately, I got to spend time with him during my college days. I was at an age where he was a father figure and he often treated me like a son. He would ask about school or if needed anything. He might have even ask so he could report back to my mom. Lol. I am grateful for this time with him and the memories I have to this day. Rest in Peace Dave.

So sorry for your loss! He always gave me such a hard time and we would see you could out tease the other. He was a special cousin and will be missed. Prayers to the family.
