We met by happenstance. We clicked instantly. We reminisced about loving people that we KNEW didn't deserve our undying love. We agreed that even though we also knew we would NEVER get the love back that we gave, we both would probably continue to love the people that were toxic to our true happiness. In this we shared our deepest thoughts and sympathy for one another, and we became friends. I know you are free from that now, as will I be someday. There is no greater pain than that of losing a loved one. And I am once again feeling that pain. We shared a lot of laughter as well. And I will remember you and the sound of your laugh, the smile on your face and the one you ALWAYS brought to mine. I'm sorry your roads that you traveled were long and hard. May this last one be one of being free, feeling more love than you EVER knew here in the physical and a peaceful journey of flight to your soul. I LOVE YOU MONICA ! GOD SPEED MY FRIEND 🙏❤️ YOU ARE PAINFULLY MISSED ! I WILL NEVER FORGET YOU LOVE ❤️ Until we meet again 🙏
