“ I’ve known Alan Jay since our middle school days. We were a close group of friends. We learned a lot about life during those days. We stayed in infrequent contact over the decades and it was never a surprise to hear his voice just calling to say hello. He was always a warm and kind. Full of life. He lived for the day. He deeply loved his family. His children and grandchildren were the heartbeat of his life. I was sad to read about his passing  
May he Rest In Peace. May his spirit stay close to you.

“ Alan, was not only my father in law... He was my friend. One of the most joyful people I've ever met in my life. Just hearing his voice would bring happiness to my kids faces and they'd run to the phone or hang all over him if his was with us. Last time I spoke to him he was on oxygen, and still just worried about how we were doing and feeling. HEART of GOLD. The world lost an amazing man way too soon, but I know you are here us. We love you Grandpa Alan... So very much. Please watch over Carlos and the kids for me. Forever in our hearts

I'll forever miss the joy you brought to this life.

“ I had the pleasure of working with Alan when we were both working at The Fresh Market. Not only Alan was a great boss to work for, he was a great person who had a heart and always did his best to make others feel great. The world needs more people like Alan and this world lost a great person, but heaven has gained a wonderful angel. May Alan Rest In Peace. My condolences to his daughter Jessica, Laritza, and all of the Williams family.

“ Our deepest condolences to the family. We were saddened to hear about his passing. I'm neighbor of Alan's. I was a guest in his house a couple of times. I didn't know him for very long but he always made my wife and I feel welcome. He invited me over to watch the hurricanes play since we both were fans. He'd always bring some kind of treat when ever he swung by. Always made pleasant conversations. May he Rest In Peace.

“ I worked with AJ and I have never met anyone like him before and I will always remember him. Everyday that I worked with him, he would always be so happy to be there. Anyone who was coming into work that day, AJ would make sure to say hey with so much love. He was full of life and positivity. He always had stories to tell about his life and his family. I will never forget him and he will be missed by so many. I'm thankful that I got to meet him. Rest in paradise AJ.

“ Alan Jay Williams. AJ always had a joke to make you to laugh. He always encouraged us to live to the max. His favorite words were: "Don't wait", what he meant was for us to do those things that we love in life. I guess because he knew that his life was cut short and there was so much more that he wanted to do. He was a very kind and generous person who love to share, whatever it was, if he had money he'd want to share with you or if not just himself. He offered mostly friendship. He was great father and boy did he love and was so proud of his kids. Good father, He always wanted them to learn to be independent and that was tough but he felt it was important, the best teacher was life, let go and let live be your greatest teacher. He was a very close friend of my brother Al. but at the same time you could not help but have him close to you because that's just how AJ was. He was a people person and he loved everyone. As my mom's life was coming to an end he'd be sure to call and speak to her and offer some comforting words or just be himself. He was present in our lives and treated us as a family member. You will be missed AJ by all of us, so many people loved you and cared for you. Everyone loved your character,your kindness the kind of person you were and will always be remembered in our hearts and memories.

“ AJ was a beautiful soul that lit up any room he walked into. He was a great friend to my family and we will never forget all the wonderful memories we shared. From Dolphins viewing parties to Heat championship celebrations. The last time I saw you, we all had a great time at the beach, and you got to meet my boys. It was so nice to see you that day. Thank you for all the smiles! Rest in Paradise!

“ AJ was one of a kind. Full of life, always looking for the good in people, enjoying his life to its fullest.  
He always told me don't wait to do what you want to do. Those are words I will always remember.  
We had a love hate relationship when it came to sports, he busted my chops about the Cowboys, I busted his about the Dolphins.  
You might be gone but not forgotten my friend.  
Rest in eternal peace
