“ Joey was such a cool and fun guy to be around. When other kids at school would ridicule me he was always that one who I could hang with and talk about anything. He was almost like a brother to me. My condolences to the family. I'm really taking this thing to heart knowing my friend is gone forever but will never be forgotten. Sleep in harmony Joey bruh

“ My fondest memory of Joey was him helping me overcome a fear of roller coasters in high school. I remember we went on a trip to Universal Studios for Chorus class(oh yes, he was the jack of all trades) and we were in a group together. I was a big chicken and was going to back out but before I could, he grabbed my hand and said "Don't worry, I'll be right there the while time. You'll love it. I promise". And boy did I love it! We rode every single roller coaster that day. Before then, he had always been my best friends brother. After that he was my friend too. That memory will always be stuck with me. He was a great dad, a great human being and will be missed dearly.

“ Joey exhausted himself working to help us time and time again. He saved us many times. We will never forget. We love you Amy and family.

“ Joey was always finding ways to make his family laugh. He was the best father and husband. He was so giving to those around him and was always helping others. Much like his late Pappaw, he never met a stranger and found interest in the whole world around him. Joey will forever be in my heart and remembered! He will always be my guardian angel!

“ My brother was an amazing man. He would move mountains to help his family or friends. He taught me to drive. How to shoot a bow. And how to make an awesome tent using palm reeds. He was so good at it that part of his club house still survived the back yard after all 15+ years. He will be missed by all those who knew him for the amazing man and father he was

“ My dear son, I love you so much. I miss your smile. I don't have words to express the depth of my sadness. A part of you will always be with me.

“ Joey had such an amazing grin! He was always tinkering with something; always discussing the next venture because he had vision!

When he had an “internship” after high school, he invited us over to a day with free admission to Hollywood Studios (or whatever it was called then). We went on the Tower of Terror and I both cursed (rare occurrence, two times) and landed in his lap! He was ever gracious. It was a great carefree memory.

Recently, I have benefitted from his cooking at Christmas meals - he made great steak!! We will miss him, for sure!

“ My dear husband, I have so many memories over the last 12 years of being with you. From the day we met when you worked for the state, to getting the Jeep stuck in the Arkansas river, to having our beautiful babies. I can't name every single memory we have some are good, some are bad, but I am so glad I got to spend the last 12 years by your side. I will love you forever and never forget you. I just wish I could wake up from this bad dream and I can look at your face again.
