“ Little did I know when we met on the cruise ship that the time I had in knowing you on the Earth would be so short but I know when Jesus returns for his bride that one day soon we shall meet again. It was such an honor and privilege to know you, to pray with you, to encourage you and talk with you and Tracy. I remember our last hug and what you said to me, I will hold these memories in my heart as we make more in eternity forever and ever.

To be absent from us on Earth is to be present with your Savior in Heaven, I can only imagine the beauty and love you are experiencing as you worship around the Throne of Heaven. What a day that will be when our Jesus we shall see...I hear this song in my heart as I think of your home-going.

May the legacy you left carry on in the hearts of your loved ones while we mourn you now may they have the hope in their hearts that they will again see you soon one day.

Love love from our family to yours...may God richly bless and keep your family in His loving care as He is holding you in His arm now.
