“ I am shocked to hear of Jane's passing. We went to school together and she was one of my best friends. I am sorry we lost contact since high school. Praying for the family that God wraps his arms around you all and give you comfort. RIP my dear friend.

“ Amen, Jane, Amen
My sister also had CBD---so rare...I'm surprised it even had a name. A precious simplicity of life, as derived from this compromise, let me know Lynn to the core. I hope family and friends of Jane Bass were able to experience this, as well. In the end--we all live our whole lives. I would not ask anyone to live one moment longer, after watching the toll CBD takes on a person. Remembering Jane's wholeness as all you can do is best. She gave life her all, with care and attention.
